Discharges Cargo by Electricity.

For the first time in the history of the port of London a cargo of tea has been discharged by electricity, the Huntsman, of the Harison line, having discharged such a cargo by system of continuous rollers worked by electricity in the London docks.

Scandal Spoiled.

"Didn't you hear about it?" said Kidder. "Deacon Goodley came home barreled the other evening."

"Aha!" exclaimed the gossip, delightedly. "I always thought there was some hypocrisy in that old fellow's temperance talk—"

"Oh! no, he simply was swimming in the creek, and some tramp stole his clothes."

Women Astronomers.

Mrs. Peton Fleming, who was recently elected a member of the Royal Astronomical society, is not the only woman who has succeeded in comprehending the mysteries of the heavens. Miss Henrietta Leavitt discovered 25 new variable stars some years ago. Lady Huggins diligently helps her husband, Sir William Huggins, in his astronomical observations. In their house in South London they possess a very finely equipped observatory, which contains the enormous telescope presented by the royal society to Sir William in recognition of the work accomplished by Lady Huggins and himself in astrophysics.

Saved Many from Drowning.

Five hundred persons saved from drowning in 48 years was the record achievement of Christian Langer, a Danish boatman, who has just died at Harboe, Jutland, aged 83.

WHAT JOY THEY BRING TO EVERY HOME

as with joyous hearts and smiling faces they romp and play—when in health—and how conducive to health the games in which they indulge, the outdoor life they enjoy, the cleanly, regular habits they should be taught to form and the wholesome diet of which they should partake. How tenderly their health should be preserved, not by constant medication, but by careful avoidance of every medicine of an injurious or objectionable nature, and if at any time a remedial agent is required, to assist nature, only those of known excellence should be used; remedies which are pure and wholesome and truly beneficial in effect, like the pleasant laxative remedy, Syrup of Figs, manufactured by the California Fig Syrup Co. Syrup of Figs has come into general favor in many millions of well informed families, whose estimate of its quality and excellence is based upon personal knowledge and use.

Syrup of Figs has also met with the approval of physicians generally, because they know it is wholesome, simple and gentle in its action. We inform all reputable physicians as to the medicinal principles of Syrup of Figs, obtained, by an original method, from certain plants known to them to act most beneficially and presented in an agreeable syrup in which the wholesome Californian blue figs are used to promote the pleasant taste; therefore it is not a secret remedy and hence we are free to refer to all well informed physicians, who do not approve of patent medicines and never favor indiscriminate self-medication.

Please to remember and teach your children also that the genuine Syrup of Figs always has the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package and that it is for sale in bottles of one size only. If any dealer offers any other than the regular Fifty cent size, or having printed thereon the name of any other company, do not accept it. If you fail to get the genuine you will not get its beneficial effects. Every family should always have a bottle on hand, as it is equally beneficial for the parents and the children, whenever a laxative remedy is required.
